

apple core-6¼"

apple core to GO! QUILT

finished size 41" x 50"

SEWING DIRECTIONS

Whenever possible sew with the concave (") curved shape on top.

1. Layout apple core shapes for top row of quilt according to quilt diagram.
2. Pin and sew one apple core shape to the next apple core shape, matching center notches. Press seam toward concave curve as shown by arrow. No clipping is required.
3. Continue to pin and sew apple core shapes to complete top row.
4. Repeat for a total of 11 rows.
5. Pin and sew rows together to form quilt. Continue to press seams toward concave curves.

PRESSING

Curved seam construction can yield lumps where all the seams intersect. Pinwheeling the intersection of these seams can help the rows lay flatter. Press all the seams toward the concave curves. Gently scrape your fingernail across the intersection to unsew the few stitches sewn in the seam allowance. Press the seam allowance centers into a pinwheel shape as shown above.

QUILTING AND FINISHING

1. Layer batting between quilt top and backing.
2. Pin or baste layers together.
3. Machine quilt with an all-over floral design.
4. With large ruler mark straight lines as shown on diagram.
5. Add binding, mitering corners.
6. Trim excess edges of shapes.

FABRIC REQUIREMENTS

- Fabric 1—2¼ yards
- Fabric 2—2⅝ yards (includes binding)
 - Backing Fabric—2½ yards
 - Batting—45" x 54"

CUTTING DIRECTIONS

Fabric 1:

- Cut 50—Apple Core shapes

Fabric 2:

- Cut 49—Apple Core shapes
- Cut 5—2½" strips across the width of fabric for binding
